### What's unique about Idaho Launch?

In August 2020 we asked Idaho employers from every region of the state to complete a detailed survey to identify the most relevant skills that would help applicants to be successful in their industries. Then, we interviewed training providers to match the current course offerings to in-demand skills. And we have partnered with the Idaho Department of Labor and their career planners to provide help for job seekers looking to find a quick path to the training they need, at a price they can afford.

Retake control of your career with our online career and training research hub—Idaho LAUNCH.
